Public Comment: None

Hardie updated that Committee on the Place Maker plans for Library Lake. They are having Music and hope to get a Warf and dock in later this summer.

The Committee considered what to do at the beach since there will be no Lifeguards this summer. Kessler was informed by the City's insurer that the ropes and equipment can go out but they would like some more signs informing the public that there are no lifeguards on duty. The Committee would like the marker ropes and swim buoys install along with the dock. The swim raft and chairs will not be installed at this time. They also thought there should be another summer worker for the Street Dept. to keep the restrooms clean and pick up the park that is duties the lifeguards did in the past.

The Committee considered request by a long term camper at Eagle Point to have permission to install a personal dock for the summer. Because of concerns of setting precedence the Motion was made by Strickland and seconded by Schullo to not allow the dock. The motion passed

The Committee was updated on the online reservation system. All went very well for the first year. Hardie suggested that they city may want to open reservation up earlier and also consider what to do about long term "seasonal " site reservations at this point in time there are no limits to the number of long term campers. The Committee agreed to consider the issues at the next month's meeting

Hardie updated the committee on the new online reservation system with the development date of February 23 and the new start date for reservations to be April 1.

Next Parks & Rec meeting will be May 15, 2017 at 8 am at City Hall. Agenda will be determined

The motion was made by Strickland and seconded by Schullo, to adjourn at 8:31 am the motion passed.

Respectfully submitted
